4. (Unclassified - CM) LIAISON I encountered Dr. James George, minority professional staff member of the House Government Operations Committee, and advised that the Director would not be able to accept the invitation to speak in the fall before George's American Enterprise Institute conference on naval affairs. I suggested [REDACTED] as an alternative speaker, but George thought the group would seek a more prominent figure. He expressed his gratitude for the advice but his regret that the Director had said no, commenting again that he had heard from many people that the Director was just the man for the conference. George added that the invitation had already been sent.
